CUSTOMER  
TESTIMONIALS 1) AMS  
had the parts that were  
very difficult to find! 2)  
Their price was very  
reasonable (unlike  
other vendors). 3)  
Their low free shipping  
threshold was much  
appreciated. 4) Their  
shopping cart was  
easily edited. 5) I did  
have some difficulty  
navigating the site, but  
that wont inhibit my  
shopping with AMS in  
the future. I would  
invite AMA to send me  
periodic updates when  
they make revisions to  
their navigation and  
format (with the usual  
ease of unsubscribing,  
of course). Regards,  
Norm
